BS2-EPDM

- Single or Dual Pump Configurations
- Designed for ANY Solenoid Metering Pumps—You Choose!
- PVC Piping—Viton or EPDM Elastomers
- Ready to Install, No Assembly Required
- Convenient and Economical
- Eliminates Hassle & Adds a Professional Look
- Expandable Choices and Sophistication

The CF Series of pump panels and skids offer maximum flexibility and economy.

These systems offer a convenient package for either single or dual pump applications and are ideal for a wide range of water treatment applications.

The CF Series systems permit the user to acquire these pre-plumbed systems and add the pumps on-site or select the desired brand of metering pump/s to be installed and tested prior to delivery.

The CF Single and Dual Wall Mount panels include:

- Calibration Assembly
- Discharge Pressure Gauges
- On-Board Power Receptacle
- NPT Inlet / Outlet Connections
- Tubing Connections for Pumps
- Pump Shelf
- On-Board Power Receptacle
- Unistrut Mounting Brackets

BS1-Viton
